## Atlas Light Photo Frame (MDF + XPS + PVC)

Add a modern, lightweight touch to your home or event décor with our Light Foam Photo Frame. Crafted from a premium blend of MDF, XPS foam, and PVC, this frame offers both durability and ease of use. Featuring a self-adhesive front panel, simply peel, stick, and display your favorite photo or artwork in seconds – no tools required. Its foam-core construction ensures it's lightweight yet sturdy, perfect for walls, desks, or event displays.

### Features:

- Eco-friendly and moisture-resistant materials
- Quick, tool-free assembly (peel & stick design)
- Smooth edge finish for a modern look
- Wall-mount or tabletop display options
- Ideal for home décor, galleries, and special events

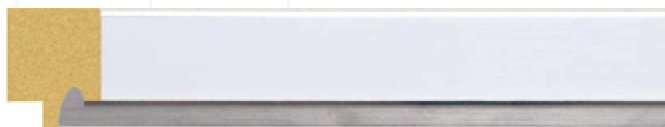

Available Sizes: 4×6 | 5×7 | 8×10 | 11×14  
Thickness: 19 mm
